

U-TURN

THE MOBILE ALL-ROUNDER

U-TURN is the ideal seat for workshop areas. The swivel action tabletop offers ample space for placing a laptop or other work tools. When not in use, items can be stowed away in a storage box beneath the flip top seat, with just one flick of the wrist. A version of the U-TURN with castors offers

even greater flexibility and mobile movement. U-TURN is also suitable for use in classic workplaces, particularly the version on glides. The raised seating position makes U-TURN the ideal seat for use with electronic or manual height-adjustable tables.
